

AN INFERNAL MACHINE

Thirteen Men Killed in an Explosion at the Railroad Station, Independence, Col.

SEVEN OTHERS SERIOUSLY HURT.

All the Victims Except Two Were Non-Union Miners Employed at the Findlay Mine.

Rioting Broke Out in Victor, Col.—Forty Shots Fired Into a Crowd and One Man Was Killed and Others Wounded.

Cripple Creek, June 7.—Thirteen men were killed by the explosion of an infernal machine at the railroad station in Independence Monday, and seven others were seriously injured. Eleven were killed outright and two died later from wounds. All the killed and injured, with the exception of two men from the Deadwood mine, were non-union miners employed on the night shift of the Findlay mine. The men had quit work at 2 a. m. and were waiting to board a suburban train on the Florence & Cripple Creek railroad and return to their homes in Cripple Creek and Victor.

Some of the bodies dropped into the pit made by the explosion, but heads, hands, ears, legs, arms and trunks were strewn about on all sides. Pieces of flesh were found on buildings 500 feet away and blood stained everything within a radius of 50 feet.

The infernal machine with which the diabolical work was done consisted of a quantity of dynamite, estimated at 100 to 200 pounds, a loaded revolver and a long slender steel wire attached to the trigger. The revolver was fastened so that the pulling of the trigger would not draw it away. The wire ran from under the station to the cribbing of the Delmonico property, about 400 feet away, where its end was fastened to a rung of a chair. The dynamite was placed close to the muzzle of the revolver which was discharged by pulling the wire when the engineer blew his whistle. The ball from the revolver exploded the dynamite. A man was seen running down the hill from the Delmonico after the explosion.

Cripple Creek, Col., June 7.—Without explanation and with a suddenness that has caused great surprise, Sheriff Henry M. Robertson Monday afternoon resigned his position and Edward Bell was named to succeed him by the county commissioners. Bell is a member of the Citizens' Alliance.

Victor, Col., June 7.—Rioting broke out in this city Monday afternoon while a mass meeting was being held to discuss the murder of 12 non-union miners by means of an infernal machine at Independence. Forty shots were fired into the crowd in the street.

One man was killed and six persons, at least, injured.

Telluride, Col., June 7.—O. A. Floaten, one of the proprietors of the People's supply store; M. J. Sullivan, secretary of the local miners' union, and Tony Roll, a bartender, who have been advised by the military authorities to leave San Miguel county, have retained Congressman H. H. Hogg as counsel and acting under his advice have decided to remain here until forced to leave. The following telegram has been sent to President Roosevelt at Washington to which no reply as yet has been received:

"Have been ordered to leave our homes by June 7, but do not intend to go. We, as citizens of the United States, demand your protection under the constitutional rights. The civil courts would protect us, but they are powerless. The governor will not protect us. O. A. Floaten, M. J. Sullivan."

Cripple Creek, Col., June 8.—Apart from a few small fights in connection with the rounding up and arresting of union miners no outbreak has occurred in this district Tuesday. Two local militia companies and a small army of armed deputies under Sheriff Edward Bell are in full control of the camp. Though there has been no turbulence Tuesday there is an undercurrent of feeling which bodes ill.

Secretary Clarence Hamlin, of the Mine Owners' association, declared Tuesday that 200 prisoners now held in the armory in Victor would be run over the hills and warned never to return.

Virgil King, a union leader, and 15 others arrested in Cripple Creek Tuesday, have been taken to Victor for deportation. A well grounded rumor is to the effect that a large number of union miners working in the Portland and occupied by Miners' Union No. 40 in Cripple Creek is in charge of militia. The front windows have been demolished and the big sign of the W. O. M. torn down.

City Marshal W. J. Graham was forced to resign by the citizens' committee, headed by E. C. Newcomb, cashier of the First national bank, and Charles N. Crowder was appointed as his successor by the city council, which

convened at once to confirm him. Justice of the Peace C. M. Harrington, said to be a union sympathizer, heard that the committee was to wait on him and tendered his resignation before the committee could see him. County Judge Albert S. Frost is out of the city, but it is said he will be asked to resign as soon as he arrives here, and so will Frank P. Mannix, county clerk and recorder. Both are attending the democratic convention in Pueblo.

It is further reported that Assistant District Attorney J. C. Cole, who is very much disliked by mine owners and members of the citizens' alliance, will be compelled to relinquish his office.

Victor, Col., June 8.—Two hemp ropes knotted with a noose for hanging were lying on a table in the room where the Cripple Creek District Mine Owners' association held a heated discussion Tuesday behind closed doors. The members were greatly incensed by the discovery of what they regarded as evidence of the existence of a plot in the Victor miners' union for wholesale assassinations of mine owners and miners. This evidence was a bundle of 40 marked photos found by Lieut. Keegan in the union hall. On the back of some of the photos was the name of James Cochran, secretary of the union. The photos were of groups of men employed in various mines. The most important one was a group of the night shift of the Vindicator. The photo contains about 20 portraits, five of which were numbered from one to five. On the back were written the names of the persons numbered. Of the five names those of Charles McCormick and Mel Beck had been crossed out. These two men were killed in the Vindicator explosion last November.

Victor, Col., June 9.—A pitched battle between the military and the union miners was fought at Dunnville, the new mining camp, 13 miles out of Victor, shortly after 3 o'clock Wednesday afternoon. John Carley, a union miner, was killed. The troops returned to Victor at 8 o'clock Wednesday night bringing with them 14 captives.

It was reported before the special train left Victor for Dunnville, bearing the force under Gen. Bell, that the miners in the hills about Dunnville numbered about 250 men and that it was their intention to march into Victor Wednesday night in a body and attempt to liberate by force the inmates of the temporary bull pen in Victor. That the force actually consisted of but 21 men is the statement of one of the number that was taken captive.

The train proceeded to the immediate vicinity of Dunnville without unusual incident. Then when about a quarter of a mile distant from the Dunnville temporary station the officers could see the camp of the miners. It included one cabin and six or seven tents. The officers left the train at the command of Gen. Bell and prepared to advance on the camp of the unionists in regular skirmish order. As they emerged from the cut in which the train had come to a stop they were greeted with a volley of shots which came from the points of vantage surrounding the hills.

Deputies returned the fire to the best advantage possible, and promiscuous shooting was engaged in for a period of ten minutes. From the character of the shooting from the hills Gen. Bell immediately recognized the fact that the strength of the miners had been greatly over-estimated and that he had sufficient force under his command to make an immediate round up and capture the entire opposing force.

Accordingly, he divided the deputies and soldiers into seven detachments, and these set out to make a complete clean up of all the surrounding hills.

Victor, Col., June 9.—A second battle has just taken place. Seven soldiers sent on horseback to Big Hill, two miles east of Victor, to arrest union miners, found them entrenched. The men refused to surrender and the soldiers opened fire. Over 200 shots were fired. The miners opened fire on the soldiers as soon as they saw them coming up the hill. No one was wounded. Seven men were captured by the guards and taken to Cripple Creek. Intense excitement again reigns here.

PRINTING OFFICE ATTACKED.

Men Wrecked the Place and Ordered the Printers to Leave.

Victor, Col., June 9.—Soldiers visited the office of the Victor Record Wednesday night and wrecked the place. They smashed the telephone and a typewriter. When their work of ruin was completed they marched the Record employees out on the sidewalk and told them to get out of town. The printers walked north and the eight men started off toward the south. The Record has been known as the organ of the Western Federation of Miners in this section. The men who were ordered to leave the district are Walter Street, F. W. Langdon, printers; John Daniels, pressman, and Art Caldwell, apprentice. The men have not decided whether they will leave or not.

Liberty Bell in St. Louis.
St. Louis, June 9.—Cracked and rusted, despite good care, the Liberty bell, that rang freedom from the bellry of Independence hall, in Philadelphia, in 1776, arrived in St. Louis Wednesday morning in a specially constructed car.

The Question of Polygamy.
Salt Lake City, Utah, June 9.—The question of polygamy and the action that should be taken on it by the national conventions is likely to result in a sharp fight in the democratic state convention, which meets here.

THE BANDIT'S TERMS.

The Sultan Will Accede to His Demands.

To Expedite the Release of the Captives—United States Marines Landed at Tangiers to Protect Belgian Legation.

Washington, June 9.—The state department has received unofficial assurance through Mr. Gummere, who had it from the British consul at Pez, that the sultan of Morocco will accede to all of Raisuli's terms. The bandit's demand that Great Britain and the United States shall guarantee the execution of the sultan's promises, however, is the sticking point and this probably can be gotten around only by the acceptance of this obligation by Great Britain or France, or some other country not so strongly bound as the United States, by its traditions not to entangle itself in the internal affairs of other countries. It is stated positively that under no conditions can the United States government execute these guarantees.

Tangier, Morocco, June 9.—The sultan's letter in reply to the diplomatic representations made in regard to the kidnapping of Messrs. Pardicaris and Varley arrived here Wednesday afternoon. It is said by a person in the sultan's confidence that the sultan has given orders to grant all of the conditions demanded by Raisuli, the bandit leader, in order to expedite the release of the captives.

Washington, June 9.—Surprise was caused Wednesday afternoon by the announcement that a cablegram had been received from Adm. Chadwick, in command of the American squadron at Tangiers, that at the request of the consul general he had landed marines to protect the Belgian legation. The authorities are in doubt as to what has developed to require the landing of marines. It is believed that the other powers now will land men and the situation is believed tense.

It is said at the state department that there is ample precedent for the employment of the American naval force for the temporary protection of the exposed interests of another power which has no available forces at hand. A few years ago it was the common understanding that British vessels should protect American interests in South American ports where the United States had no warships and that the United States gunboats should look after British interests exposed in the same way. He have also looked after German interests in San Domingo and elsewhere. It is stated that Adm. Chadwick in landing his marines in Africa for the first time in half a century therefore was but meeting the requirement of international comity. It is supposed here that the Belgian legation is an outlying section of the city easily accessible to the tribesmen of the interior.

Secretary Dover Has Completed the Roll of Contests.

Chicago, June 9.—Secretary Elmer Dover, of the republican national committee, Wednesday completed the roll of contests which the national committee will have to consider next week, when it begins its sessions on the 15th. CAPT. F. S. WILD KILLED.

It Is Believed His Death Was the Result of An Accident.

San Francisco, June 9.—Capt. Frederick S. Wild, commissary of the 13th infantry, was shot in his room at Fort McDowell, Angel Island, and died almost immediately. He attended a meeting of a military club early in the evening and was returning to his quarters and was preparing to retire when his servant left the room. The officers at the post believe his death was an accident, caused by the accidental discharge of his revolver.

A Continual Strain.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.—W. T. Brooks

Healthy Mothers.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Eoschee's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size, 75c. At all druggists.—W. T. Brooks

FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH APPELLATE COURT OF KENTUCKY:—I am a candidate for Judge of the Court of Appeals from this District, subject to the action of the Democratic party. As Circuit Judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As Judge of the State Fiscal Court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new Constitution, as well as to construe the present Constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchise under law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

FOR CONGRESS.

We are authorized to announce W. P. Kimball, of Fayette county, as a candidate for the Democratic nomination for Congress from Seventh District, subject to the action of the district convention to be held in the city of Lexington on Thursday, May 12, 1904.

I am a candidate for re-election to Congress from this District, subject to the action of the Democratic party. I believe in getting as close to the people as possible, and it was my desire that a primary election be held to select a Democratic nominee for Congress, so that every Democrat could have the privilege of going to his precinct voting place and expressing his choice, but my opponents desired mass conventions at the county seat, and the committee so ordered.

I am now serving my second term as your Representative. I have endeavored, to the best of my ability, honestly, faithfully and conscientiously to do my duty. It is my highest ambition to secure legislation for the relief of the farmers, who have been so grossly imposed upon by unjust laws, and I feel that my experience has fitted me to render valuable service on this line, if I am permitted to continue to represent my District.

My official duties in Washington will prevent me from making an active personal campaign in all the counties of the district, therefore, I will have to rely on my friends to take care of my interest, which I have an abiding faith they will do. Trusting my service as a member of Congress meets with your approval, and hoping my candidacy will receive your valuable aid and support, I am

Very respectfully yours,
